

Alexander Mikoláš

ART CATALOG 8/2023

Dear viewer,

please enjoy the following works with the knowledge that I could have had a respectable career at an office or a firm of some sort. Instead, I decided to paint weird buildings in odd landscapes. My only defense is that I strive to capture a little bit of the truth of the places that have touched me and help people see their suchness through a fresh set of eyes.

Alexander Mikoláš
